| 0 | ex. COVID-19 Instant Cure Energy Drink | An instant cure to COVID-19 would be highly impactful as we could save many people across the world, but there are other potential solutions to COVID-19 right now. This, of course, would probably be highly unlikely to be developed in 3 weeks. | | | A | | | | | | | |
| 1 | Volunteer placement website | A volunteer placement website would be highly impactful since many people are not aware of volunteer organisations around them. Furthermore, people may have a ceartin interest/ preference on what cause they want to volunteer for. For example, I worked at a food bank and I was not that interested since I was more passionate about ecology and planting to benefit the Earth. So I found an organization that was related to my interests. Overall this website can help people find what they enjoy to do | | Problem Impact | | | | • 2 | 1 | | 3 | |
| 2 | Website to list items you want | There are many items that are thrown out because people find them to have no use anymore, are broken or there is a new better product. So if there was a website that people can list free items that they would be giving away or throwing away someone else that could salvage it or make use of it can prevent further waste. | Kole | ıpact | | | | | | • | • | |
